Essay Questions

27. Explain the importance of *areté* among the ancient Greeks.

Question Title: TB_02_27_Bronze Age Culture in the Aegean_Apply and Analyze_2.1

Essay responses should include these points:

- *Areté* was broadly interpreted to culture as well as narrowly applied to the individual.
- *Areté* is translated as “virtue” and “the highest endeavor.”
- *Areté* is about being the best, reaching one’s fullest potential, through virtuous acts and deeds.
- *Areté* is featured in juxtaposition to hubris, the sin of pride.
- The use of these elements within epic narratives illustrates their importance within the Greek mindset.
- The context of *areté* within the epic relates to the struggle in battle.

Learning Objective: 2.1 Outline how the Cycladic, Minoan, and Mycenaean cultures contributed to the later Greeks’ sense of themselves.

Topic: Bronze Age Culture in the Aegean

Skill Level: Apply What You Know and Analyze It

Difficulty Level: Difficult

28. Discuss several ways in which the ancient Greek gods might be considered “more human than humans.”

Question Title: TB_02_28_Rise of the Greek Polis_Apply and Analyze_2.2

Essay responses should include these points:

- The gods and goddesses of the ancient Greek culture were anthropomorphic in form (with human attributes).
- The deities had human characteristics of personality, as well as flaws.
- The gods and goddesses interfered in human affairs and played with human existence as though it were a consequence-free game.

Learning Objective: 2.2 Define the polis and explain how it came to reflect the values of Greek culture.

Topic: The Rise of the Greek Polis

Skill Level: Apply What You Know and Analyze It

Difficulty Level: Difficult

29. Summarize the features that distinguish the *kouros* and the *kore*, citing the development in clothing worn by *korai*.

Question Title: TB_02_29_Rise of the Greek Polis_Apply and Analyze_2.2

Essay responses should include these points:

- The male body was celebrated in sculptural form; this is called “cult of the body.”
- The sculptor’s goal was to naturalize the form to achieve physical perfection.
- These figures were sometimes made in remembrance of a Greek male who had been killed.
- The *kore* (plural, *korai*) is the young maiden, whose natural form lagged behind in its articulation (in part because the male form was considered perfect and celebrated, while the female form was considered virtuous), was an offering in votive to the goddess Athena.
- Sculptors approached the challenge of sculpting a figure with garments and the result was a magnificent form revealed through clothing.

Learning Objective: 2.2 Define the polis and explain how it came to reflect the values of Greek culture.

Topic: The Rise of the Greek Polis

Skill Level: Apply What You Know and Analyze It

Difficulty Level: Difficult

30. Discuss Pericles’ meaning in saying that Athens was “the school of the Hellas.”

Question Title: TB_02_30_Golden Age_Apply and Analyze_2.3

Essay responses should include these points:

- To “Hellenize” means to make Greek or to show Greek influence.
- According to Pericles, the greatness of the state relied on the greatness of the individuals.
- Quality of life is directly connected to civic responsibility and individual freedom.

Learning Objective: 2.3 Describe how Pericles defined and shaped the Golden Age of Athens.

Topic: The Golden Age

Skill Level: Apply What You Know and Analyze It

Difficulty Level: Difficult

31. Explain the significance of Praxiteles’ *Aphrodite of Knidos*.

Question Title: TB_02_31_Hellenistic World_Apply and Analyze_2.4

Essay responses should include these points:

- This Aphrodite may have been the first female nude.
- It is considered a celebration of the female form, in its perfect state.
- It is possible this was the first sensualized female form, made specifically for the male audience.
- Praxiteles employed the canon of ratio to balance the body’s proportion.

Learning Objective: 2.4 Characterize the values of the Hellenistic world in terms of politics, philosophy, and art.

Topic: The Hellenistic World

Skill Level: Apply What You Know and Analyze It

Difficulty Level: Difficult
