Portable Computing Options

Students should be assessed on the following:

1. Research conducted to evaluate options for portable computing devices

2. Recommendations match the needs and goals of company and staff

	Needs improvement	Done Adequately	Done Well
Research on portable computing device options			
Students have identified the needs and goals of company and staff			
Students have outlined the benefits and disadvantages of various options, identified a solution or combination of solutions, and provided support for the recommendation			

Ethics Project

Green Computing

1. Students need to create and summarize a situation that involves green computing. The event/scenario should involve more than one character so that role-playing can take place.
2. Students need to create an outline to use during a role-playing event.

3. Students role-play the event using chat or other collaborative tools.
4. Students should present their case/experience to the class via PowerPoint or other method as determined by instructor.
