Chapter 2 Quiz

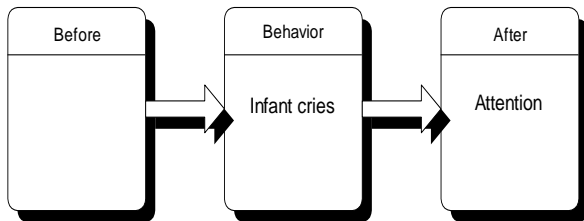

Reinforcement

1. ____ Before the start of the game, Mr. Big gives the basketball star \$10,000 to throw the game. What is this an example of? (1)
 - a. bribe
 - b. extinction
 - c. no correct answer
 - d. reinforcement by the presentation of a reinforcer (positive reinforcement)
2. ____ Suppose you have a child who has a bowel movement once a week, and you give him a piece of bubble gum **at the beginning of each day** before the behavior even occurs to increase his frequency of bowel movements. What technical concept from this course does this best illustrate? (Be careful now; remember the definition of reinforcement contingency.) (1)
 - a. behavioral contingency
 - b. delayed gratification
 - c. no correct answer
 - d. reinforcement by the presentation of a reinforcer (positive reinforcement)
 - e. systematic sympathy
3. ____ Each time the rat presses the lever it gets a drop of water. As a result, it presses the lever again and again. What principle does this illustrate? (1)
 - a. behavioral connection
 - b. bribery
 - c. no correct answer
 - d. reinforcement by the presentation of a reinforcer (positive reinforcement)
 - e. reinstatement
4. ____ There is no relation between language skills and success in school. (1)
 - a. true
 - b. false
5. ____ There is no relation between poverty and language skills. (1)
 - a. true
 - b. false
6. ____ What principle does this illustrate? A stroke victim rarely talks; and when she does, she usually says something senseless. So each time she says something sensible, you smile, say a few kind words and caress the victim. As a result, she says more and more sensible things. (1)
 - a. behavioral connection
 - b. bribery
 - c. no correct answer
 - d. reinforcement by the presentation of a reinforcer (positive reinforcement)
 - e. reinstatement

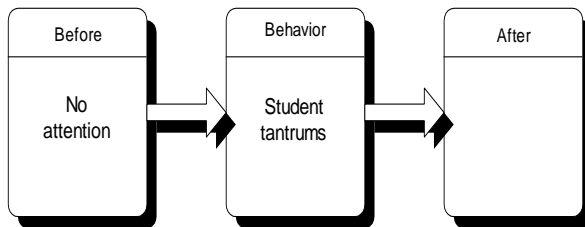

7. Fill in the blank for the diagram of the reinforcement contingency. (1)

8. Fill in the blank for the diagram of the reinforcement contingency. (1)

9. Fill in the blank for the diagram of the reinforcement contingency. (1)

10. In reinforcement, you deliver the reinforcer ____ the behavior. (1)

- a. before
- b. after

11. ____ Reinforcement is basically the same as bribery. (1)

- a. true
- b. false

12. In terms of Chapter 2, what's wrong with this statement *below*?

*When Rudolph presses the lever, immediately reinforce **HIM** with water* (1)

13. ____ The place where the rat presses the lever and gets a drop of water.

(1)

- a. gestalt chamber
- b. star chamber
- c. no correct answer
- d. Skinner Box
